

# King's Cup Jetski World Cup 2017

Increase your chance to win KING'S CUP race by improving your engine performance & reliability by using the highest performance racing fuel : **JET SKI 8**

# King's Cup Jetski World Cup 2017

## ***JET SKI 8***

RON: 104	MON: 90
Oxygen 3,6%	Density: 767 kg/m <sup>3</sup>
Energy : ++++	Unleaded IJSBA & UIM regulated

This fuel became highly popular within the first month of its introduction on the Jet Ski scene.

Adopted by many top teams, it won the UIM world championship, Thailand King's cup within that same first year and since then many national and international titles has been won thanks to ***JET SKI 8***

***JET SKI 8*** is a perfect fuel to compete with VP MS 103 & VP MS 109 fuels which are known fuel by jet ski racers. It also outperforms AVGAS 100 LL (AViation GASoline 100 Low Lead)

Several tests on engine benches showed a gain of 11 HP compared to AVGAS 100LL and 8 HP compared to the most known racing fuel for JETSKI, without a special engine mapping done.

On top of very high quality consistency thanks to the manufacturing based on high purity hydrocarbons, ***JET SKI 8*** provide engine reliability thanks to a better cooling effect and engine cleanliness thank the use of specific detergent additives

ETS Racing Fuels and its distributors will promote its **JET SKI 8** racing fuel during KING's CUP
