

Additional announcement for Pro Ski GrandPrix

For “Pro Ski GrandPrix”, we have announced since September 19, 2018 the detail of modification rules and it is stated clearly that “Kawasaka 1500 cc N/A is allowed to use OEM Hull only” (See the red frame).

Now many riders have asked about “1500 cc with Aftermarket Hull” (see the blue frame). So, we would like to clarify that we allow only "short aftermarket hull with 1,500cc. N/A". The indicated short hull size is 246.4cm.(97in) length and 50.8cm.(20in)-76.2cm.(30in) width. The Minimum weight is 114kg.(260lbs) and all new hulls must be approved by the Board of the 5 Race Directors.

Aftermarket Hulls : 2Stroke MAX. 1,300cc.
: 4Stroke MAX. 1,500cc.
: 4Stroke forced induction MAX. 900cc. with 8psi.
: 4Stroke forced induction MAX. 1,100cc. with 6psi.

Kawasaki sxr 1500 : MAX. 1,500 cc. N/A with OEM hull
